RE: COG * Shiner Bock 1 Fed 27H * **2RP-3829** * DOR: 8/4/16

Dakota,

OCD concurs with BLM approval of your proposal for remediation of the above referenced release. Please advise once remedial activities have been scheduled.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.
