RE: Devon Energy \* State BW Com 1 \* 2RP-3379 \* DOR: 11/3/15

Greetings all,

At this time, OCD will conditionally approve this proposal for remediation of the above referenced release. Due to the oil volume unrecovered, and elevated hydrocarbon levels, initial excavation and/or daylighting activities are to be coordinated with OCD so that an OCD representative can be onsite. OCD may require additional investigation and/or remedial actions, as may be warranted, as the project progresses.

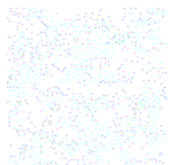

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.
