RE: Remnant Oil Operating * Brainard #8 * 30-015-10453 * 2RP-3822

Carie,

The OCD concurs with the BLM, your request for closure of the above referenced release is approved.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

If you have any questions or concerns, and for notification, please contact me.

Thank you,

Crystal Weaver
