RE: Rockcliff Operating * Onsurez #2 * 30-015-26472 * 2RP-4255

Greetings,

An OCD inspection was conducted on 6/28/17 at the above mentioned location and according to the Initial C-141, that was received by the OCD District II Office on 6/16/17, Rockcliff stated that 1bbl of a mix of produced water & oil was lost on 6/3/17 and 1bbl was recovered. However, according to the photos taken during the inspection on 6/28/17 this site appears to need to be readdressed. OCD requests that Rockcliff promptly follow up with either myself or Mike Bratcher here at the District II Office regarding the contamination present at this location.

Thank you,
