Mr. Gonzalez,

NMOCD is in receipt of a document prepared, and submitted to OCD, by R.T. Hicks Consultants, LTD. The document describes methods implemented at the Jenna Com 1 site in response to the above referenced release. This response was not approved by OCD prior to implementation, and is not approved at this time. OCD requests vertical and horizontal delineation in all areas affected by the release, including inside the tank battery and areas where impacted material has been spread. OCD will review a remediation proposal based on the actual delineation analytical data and site ranking criteria. Please notify me, 48 hours prior to commencement of any remedial and/or investigatory operations.

If you have any questions or concerns, and for notifications, please contact me.
