RE: COG * USP FEE 2 * **2RP-4317** * DOR: 7/10/17

COG's proposal for additional investigation and proposed remedial actions based on results is approved. Federal sites will require like approval from BLM. Please advise once remedial activities have been scheduled.

Also, 2RP-4280 remains open associated with this site.

Thank you,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
