RE: EOG Y * State D SWD 1 * 2RP-79 & 2RP-755 * DOR: 3/12/06 & 7/15/09

Heather,

At this time, OCD would prefer a full delineation up front, however, in consideration of various circumstances relative to this site, your proposal is approved. Please advise once remedial activities have been scheduled.

Thank you,

Mike Bratcher
NMOCD District 2
811 South First Street
Artesia, NM 88210
575-748-1283 Ext 108

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Good Morning Mike,

I appreciate you finding the RP for the first spill and making those documents available. We intend to haul all of the excavated material to Lea Lands.

Thank you,

RE: EOG Y * State D SWD 1 * **2RP-79** & **2RP-755** * DOR: 3/12/2006 & 7/15/2009

Heather,

I have located a few documents relative to 2RP-79 and will upload those as possible. In regard to the current remediation proposal, what is the proposed intent for disposition of excavated material?

Thanks,

Mike Bratcher

Good Morning,

Please find the attached work plan for the EOG State D SWD #1. This site has had two reported releases, one from 2006 and one from 2009.

Amber,

From the figures you'll see there is impact in the pasture on the east side of the battery. Will this be included in the ROW for the battery? Please advise. I'd also like to include that once remediation has been completed, we will schedule to reseed the pasture with an SLO approved seed mix.

Thank you,
