Mike,

We are completing that tomorrow morning using shovels since there are also electrical lines in that area.

RE: 2RP-4208

Chase,

Was the impacted soil removed from around the pipeline as requested by OneOK?

Thanks,

Mike Bratcher

Mike/Crystal,

I'm submitting this request to backfill at the Compromise SWD #1. Attached you will find the site map and a summary table of the sidewall samples collected. The excavation depth is 4 feet and the contractor is preparing for liner installation once the

backfill request is approved.

Thank you,

Chase Settle, M.S.
