RE: XTO * BIG EDDY UNIT #74 * **2RP – 2664 and 2RP-3213** * DOR: 12/4/14 and 8/13/15

XTO's proposal for remedial actions is approved. Federal sites will require like approval. Following remediation, XTO shall submit a Closure Report with results of confirmation sampling. Please submit a proposed schedule for remediation and reporting.

Thank you.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws.
