Good morning, Mike and Maria

Please find appended to this email the initial C-141 for a release that occurred on Energy Transfer's Cal B Pipeline on 11/22/2018. I have also appended calculations showing how the volume of gas release was determined. The final C-141, with the rest of the required information, will be submitted within the appropriate timeframe. In the meantime, should you have any questions or require additional information, please do not hesitate to contact me or Dean.

Warm Regards,
