Subject: [EXT] Jackson B #57 Remediate Information
Attachments: SDS DRY REMEDIATE.pdf; SDS ELS LIQUID REMEDIATE.pdf

Thank you again for meeting with me this afternoon to find a path forward with the Jackson B #57 site, I know how busy your schedules are and really appreciate the time that you all allotted for me to come in to discuss this site. Below is the website for the company where I get the Remediate from showing some of the other projects it has been successfully used on. I've also attached the 2 SDS sheets I have for the available products, Dry and Liquid. I will get the Characterization Plan completed with the additional horizontal sample points we discussed, and try to have it submitted the first half of next week.
