OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

## 2RP-5270

Rob,  
Is there an original e mail showing the date for the C-141 received? If so, would you revise the C-141 received date in OCD Permitting?

Thanks,

*Amalia Bustamante*
