OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Good Afternoon,

I emailed the attached work plan for review/approval a couple of weeks ago. Could I get an approval or conditions for approval for this site. It is adjacent to a lease road and I need to advise parties of concern as to when we will complete the remediation activities. Please let me know if you have any questions or concerns.

Thank you

Best Regards,

Rebecca Pons
