OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Subject: [EXT] Sampling Notification (Grid Iron BLI Federal #3_2RP-5137)

All,

I will be conducting further confirmation sampling at the Grid Iron BLI Federal #3 on Tuesday, February 5, 2019. I anticipate to begin sampling at 7:00 a.m. I currently have a contractor excavating one area to a deeper depth, and will sample once that is complete.

Thank you,

Chase Settle, M.S.
