All,

Please see the attached deferral request for the Remuda 100 Battery (2RP-5336). I know that as of today, NMOCD must receive these using the new permitting system; however I have cc'ed them here for two reasons – 1) to document submittal to the State Land Office and 2) Attempts to upload to the new system are taking longer than expected. XTO continues to work on the electronic submittal today and I will notify you when they receive confirmation.

Thank You,
Ashley
