1RF-4 - Rattlesnake Containment and Recycling Facility. Extension Request.

Good afternoon Mr. Williams,

The NMOCD is reviewing the registration/permit extension request for 1RF-4 - Rattlesnake Containment and Recycling Facility received from ENVIROTECH ENGINEERING & CONSULTING, INC on behalf of DEVON ENERGY PRODUCTION COMPANY, LP [6137] on June 19, 2020.

Before continuing the evaluation of DEVON's request, DEVON ENERGY will need to submit the C148 monthly reports that are missing in our online system. The information that we currently have can be reviewed in the Admin Order file at:

<https://ocdimage.emnrd.state.nm.us/imaging/AEOrderFileView.aspx?appNo=pTO1520137104>

Devon can upload a PDF document that contains all the monthly C-148 reports for one year in one document, if that makes the submission easier.

Form C-148, must be submitted via OCD's [OCD Online](#) system.

For any questions regarding the updated system, please contact OCD.Fees@state.nm.us.

Please let me know if you have any further questions or concerns,

Regards,
