Subject: [EXT] XTO- Extension Request- Hat Mesa 32 St. #1 (Spill Date 11/4/2019)

All,

XTO is requesting an extension at the Hat Mesa 32 St. #1 (Spill Date 11/4/2019) from the current 90-day deadline. The release was discovered on November 4, 2019, when a flowline leak released fluids to the lease road and to the pasture on state land. XTO began site assessment on November 12, 2019. A Right of Entry (ROE) Permit was subsequently submitted to the State Land Office (SLO). SLO is currently reviewing the permit application and evaluating for the cultural and/or archeological sensitivity of the site and as such, approval is still pending. In order to conduct further site assessment, complete the remediation work, and submit a remediation work plan or closure report XTO requests a 90 day extension of this deadline until May 2, 2020.

Thanks,

Tacoma Morrissey
