Subject: [EXT] XTO- Extension Request - Ross Draw CDP (Incident Number NCE2002450037)

All,

XTO is requesting an extension of the current 90-day deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the Ross Draw CDP (Incident Number NCE2002450037). The release was discovered November 18, 2019 and initial site assessment began the next day. Remediation activities continued through the end of January, 2019. Final analytical results were received last week. In order to provide enough time to review analytical results and to complete a remediation work plan or closure report, XTO requests a 30- day extension of the deadline to March 13, 2020.

Thank you,

Tacoma Morrissey
