To Whom It May Concern,

Under the new spill rule a Closure Report is due for the above release on February 28, 2020. We have recently completed the site remediation at risk and we are currently gathering all the information and documentation for the site. We are in the process of preparing the Closure Report and request a two-month extension until April 28, 2020 to complete and submit a Closure Report. Please let me know if you have any questions or concerns.

Upon further review, the OCD Imaging website had two RP numbers 1RP-5776 and 1RP-5709. Please advise on which RP number will be referenced for this spill.

Thank you,

*Brittany N. Esparza*
