Subject: [EXT] XTO-Extension Request-Poker Lake Unit 25 BD 903H- NVV2003435771

All,

XTO is requesting an extension to the current deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the Poker Lake Unit 25 BD 903H (NVV2003435771). The release was discovered January 12, 2020 and initial site assessment was completed January 22, 2020. The produced water release extended into surrounding pasture area located on Bureau of Land Management (BLM). XTO requested BLM approval to disturb the area of the release extent on February 14, 2020. BLM requested XTO have the Site surveyed by an archaeologist before remediation activities can begin. The archeological survey and access to disturb is still pending. To provide enough time for further site assessment, remediation work, and the completion of a remediation work plan or closure report, XTO requests an extension of the deadline to October 12, 2020.

Thank you,

A proud member
of WSP
