**Subject:** [EXT] XTO- Extension Request- ADU Hondo Tester (NVV2003542379)

All,

XTO is requesting an extension to the current deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the ADU Hondo Tester (NVV2003542379). The release was discovered January 5, 2020 and initial site assessment was completed January 29, 2020. Fluids released flowed onto the pad and into the surrounding pasture. A Right of Entry (ROE) Permit was submitted to the State Land Office (SLO) on March 3, 2020. The executed permit is still pending. XTO will begin remediation activities as soon as the executed permit is received. In order to conduct remediation work and draft a closure report or remediation work plan, XTO is requesting an extension of the deadline to October 4, 2020.

Thank you,

Tacoma Morrissey
