Subject: Remediation Denied - EOG - Boyd X St Com #15H (Incident #NAB1923358230) (2RP-5594)
Attachments: Remediation Denied - EOG- Boyd X St Com #15H.pdf

Katie,

We have received your Workplan/Remediation Proposal for **Incident #NAB1923358230 Boyd X St Com #15H**, thank you. This Workplan/Remediation proposal is denied.

- The map is illegible, extremely dark, and Grayscale. Can't verify S-1 sample point or excavated area. Please provide a map that shows these points clearly.
- The OCD will need to see sample points to horizontally delineate the release. It appears S-1 sample point was sampled at 1 foot increments down to 4 feet to vertically delineate the release. Please provide the data table and analytical lab results for both horizontal and vertical delineation points.
- Please include a Form C-141 Page 5 Remediation Plan page that is signed/dated.
- After this has been accomplished, please upload new report to the payment portal.

Please let me know if you have any further questions.

Thank you,

Robert J Hamlet

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
