OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

**Subject:** [EXT] Extension Request: RDX FEDERAL 28 #024, Incident# NVV2002831233

All,

WPX is requesting an extension of the current deadline of March 25, 2020, for completing a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the RDX FEDERAL 28 #024 (Incident ID NVV2002831233). The release was discovered January 12, 2020. Remediation activities have been completed. Additional time is being requested to compile data and complete a closure request. WPX requests an extension of the current deadline until July 30, 2020.

Regards,

Chris McKisson
