**Subject:** [EXT] XTO-Extension Request-Severus Tank Battery-NRM2004157714

All,

XTO is requesting an extension to the current deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at Severus Tank Battery-NRM2004157714. The release was discovered January 25, 2020 and initial site assessment was conducted. Remediation activities are currently ongoing, and the most recent laboratory analytical results indicate further remediation work is warranted. In order to complete the remediation work and submit a remediation work plan or closure report XTO requests a 60-day extension of this deadline until June 23, 2020.

Thanks,

Tacoma Morrissey
