OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

To Whom it May Concern,

Under the new spill rule a Work Plan or Closure Report is due for the above release on April 28, 2020.

As directed by the BLM, a 3rd party is currently performing an Arch survey to clear area to access site. Once the Arch survey is cleared, COG will be performing the assessment to either prepared a Work Plan or to perform the Remediation at risk.

COG is requesting a three-month extension until July 28, 2020.

Please let me know if you have any questions or concerns.

Thank you,

Brittany N. Esparza
