Robert,

SW2 was just off the edge of the pad in the pasture area.

Robert,

Natalie Gladden with Hungry Horse did the work on this for me, if you don't mind and to make sure I don't answer incorrectly I have added her to this email chain and she can assist us.

Natalie can you please assist with this question?

Thank You CPitt

Carmen,

Would you be able to tell me if the SW2 sidewall is on or off pad? It's hard to tell if it's on the edge of the pad or barely in the pasture.

Thanks
