RE: Incident #NRM2002150698

Aimee,

Your request for an extension to August 28th, 2020 is approved. XTO is requesting an extension to the current deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the Poker Lake Unit CVX JV BS #010H (Incident Number: NRM2002150698). The release was discovered November 4, 2019 and initial site assessment was conducted. Remediation activities have been ongoing since December 2019. The most recent laboratory analytical results indicate further remediation work is warranted to finalize the excavation. In order to complete the remediation work and submit a remediation work plan or closure report XTO requests a 60-day extension of this deadline until August 28, 2020.

Thank you,
