RE: Incident #NAB1923556267

Brittany,

The OCD no longer uses RP-Numbers. Please include the Incident Number of the release with any correspondence. Your request for an extension to October 28th, 2020 is approved. This will be the **final extension** for this release. Under the new spill rule a Closure Report is due for the above release on July 28, 2020. The Archeological Clearance was finally granted to access site. COG has performed the assessment of the impacted soil and is requesting a three-month extension until October 28, 2020 in order to perform the remediation at risk.

Thank you,
