RE: Incident #NRM2011453506

Kalei,

Your request for an extension to November 5th, 2020 is approved. XTO is requesting an extension to the current deadline of August 5, 2020, for submitting a remediation work plan, closure report, or deferral request at PLU 25 BD 121H (NRM2011453506), per requirements of 19.15.29.12.B NMAC. The release was discovered on February 5 and an initial assessment was delayed until April 22, 2020 due to ongoing drilling and production operations. Following the initial assessment, remediation work was conducted by XTO. The completion of a remediation work plan or closure report is still pending. XTO requests a 90-day extension of the deadline to November 5, 2020.

Thank you,
