NCH1823545305 KACHINA 8 FED 1 @ 30-025-30986

Mr. Bynum,

The OCD has denied the submitted Closure Report C-141 for incident # NCH1823545305 KACHINA 8 FED 1 @ 30-025-30986 for the following reasons:

- The Depth to groundwater has not been established. When nearby wells are used to determine depth to groundwater, the wells should be no further than ½ mile away from the site, data should be no more than 25 years old, and well construction information should be provided. The driller's log of nearest well -POD Number L 06131- used in this report to determine the depth to groundwater shows that the well was drilled on 04/27/1967.
<http://nmwrrs.ose.state.nm.us/ReportDispatcher?type=PODGHTML&name=PodGroundSummaryHTML.jrxml&asin=L&nbr=06131&suffix=>

The Denied C-141 can be found in the online image file. Please review and make the required correction prior to resubmitting through the fee portal.

Thank you,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
