OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to groundwater, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.

Good morning all,

We will be taking soil samples with a geoprobe from the Trionyx Frac Pond at approximately 10:00 a.m. on Monday, 9/14/2020.
