RE: Incident #**NRM2026531591**

Joseph,

Your request for an extension to **March 2nd, 2021** is approved. XTO is requesting an extension to the current deadline for submitting a remediation work plan or closure report required in 19.15.29.12.B.(1) NMAC at the PLU 129 Flowline. A release was discovered on September 3, 2020 that was assigned incident number NRM2026531591. Remediation activities have commenced but are currently suspended to conduct subsurface drilling activities to supplement the depth to water determination and confirm remedial efforts. To provide enough time for further site assessment and the completion of a remediation/delineation work plan or closure report, XTO requests an extension of the deadline to March 2, 2021.
