**Subject:** [EXT] Extension Request for event # NAPP2107730944

All,

Apache Corporation would like an extension request to submit a remediation plan and until 6/15/2021 due to we completed a soil bore on 6/8/2021 to 112 feet which appears to be dry to determine depth of water and need to 72 hours to gauge the bore hole for water or lack of. I need that information complete to submit the remediation plan. Please let me know if you have any questions or wish to discuss. Thanks and have a good day.
