Subject: Extension Request (nAPP2112053226 Zingaro ANG Federal Battery)

Good Morning,

EOG Resources, Inc. respectfully requests an extension to the Characterization/Remediation Plan for
the below listed location to October 1, 2021. Due to heavy precipitation and encountering hard rock
during the excavation, progress in excavating and hauling impacted material to disposal have been
significantly delayed. The consultant performing the remediation at the site believes that they can
complete the Characterization/Remediation Plan by October 1, 2021.
