Subject: FW: [EXTERNAL] The Oil Conservation Division (OCD) has approved the application, Application ID: 23325

Mr. Hamlet,

Apache Corporation would like to request a 30 day extension to achieve recommended levels until 11/14/2021. We are currently conducting remediation activities in accordance with the approved plan however lab data indicates that we will have to apply another round of treatment to achieve. Please let me know if you have any questions or wish to discuss. Thanks

BRUCE BAKER

Subject: [EXTERNAL] The Oil Conservation Division (OCD) has approved the application, Application ID: 23325

To whom it may concern (c/o Larry Baker for APACHE CORPORATION),

The OCD has approved the submitted *Application for administrative approval of a release notification and corrective action* (C-141), for incident ID (n#) nRM2010837524, with the following conditions:

- **The Workplan/Remediation Plan is approved with the following conditions: Sidewall/floor samples need to comply with the strictest closure criteria limits 600 mg/kg for Chlorides and 100 mg/kg TPH. Soil contamination levels need to meet closure criteria standards for proven depth to water determination. A closure report will need to be uploaded to the OCD payment portal within 90 days of approval of the remediation plan.**

The signed C-141 can be found in the OCD Online: Imaging under the incident ID (n#).

If you have any questions regarding this application, please contact me.

Thank you,
Robert Hamlet
