**Subject:** [EXTERNAL] Taco AUK State 3 (nAPP2120237986) Characterization-Remediation Plan Extension Request

CAUTION: This email originated outside of our organization. Exercise caution prior to clicking on links or opening attachments.

Good afternoon,

Please find the Characterization/Remediation Plan Extension Request below.

EOG Resources, Inc. respectfully requests an extension to December 15, 2021, for the Characterization/Remediation Plan for the below listed location. The environmental consultant has performed delineation activities at the site twice, encountering refusal each time with the different equipment used for sampling. Based on these experiences, the consultant has determined that a

core rig will be required to complete full delineation of the impacted area, and believes that December 15, 2021, is an attainable timeframe to complete the Characterization/Remediation Plan. Attached with this Extension Request is a map of the impacted area and the initial sample results that the consultant has provided for the site.
