13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operations results in a multiple completion or recompleation in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

This well was converted back to an oil well from an injection well in 2002. The OCD erroneously requested an MIT for this well. Please document the attached MIT dated 3/25/04.

NOTE: Mechanical Integrity Test conducted on 3/25/04. It was witnessed by Jerry Guye with the OCD.

I hereby certify that the foregoing is true and correct
