Asher Enterprises request that we be able to put 2 wells on our Grayburg Jackson lease in T/A status for a period of one year. The two wells are the #2-8, and the #7-1. We anticipate running rods and pumps and setting pumping units on both wells in the year 2004 and returning these wells to producers by granting us a one year T/A status this will enable us to accumulate necessary funds to outfit both wells

** See attached, test w/in 30 days.*
