RE: Pit Closure

Poker Lake Unit # 143

Dear Ms. Goodman,

The Artesia District of the Oil Conservation Division on 7 October, 2004 denied a closure plan for this well. The closure was said to follow the guidelines but the actions described were in opposition to the guidelines. Please note that the closure plan submitted here may be considered as an alternative plan. The problem is that the alternative plan box was not checked. If Bass wants to submit this plan of action as an alternative plan please resubmit stating such. Also provide documentation on how this plan will meet or exceed the goal and spirit of Rule 50.
