Dear Mr. Farris:

30-015-33094

I have received and reviewed your recent application to complete the Liberty "24" Federal Com Well No. 1 in the Cottonwood Draw-Upper Penn and Cottonwood Draw-Morrow Pools. Please be advised that Division Rule No. 112 states that applications for multiple completions may be approved by Filing a Division Form C-101 and/or C-103 before completing, and a Form C-104 after completing the well. These forms should be submitted to the appropriate Division district office for approval. Form C-107 is no longer utilized for this purpose.

I am returning your Form C-107. I will retain your application to surface commingling the production from this well, and I will process this application in the near future.

If you should have any questions, please contact me at (505) 476-3466.

Sincerely,

David Catanach
Engineer
