13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Per verbal agreement from Roswell BLM office, in a 50' radius on drilling pad, we will have 6" of compacted material.

(Instructions on reverse)

D. Upon abandonment of this well surfacing material shall be removed from the location and access road. Removal activities shall limit the mixing of surfacing material with underlying soils. The removed material can be used on existing roads in need of maintenance, or hauled to a material pit for disposal. If the material is to be used on a county road or hauled to a material pit, contact the Authorized Officer of the Roswell Field Office at (505) 627-0276 for possible additional requirements.
