13. Describe Proposed or Completed Operations (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Yates Drilling Company wishes to amend the Surface Use Plan for the captioned to include one (1) buried 4" X-42 steel natural gas pipeline. Volume will be 10 MMCFD with a working pressure of 2300 PSI.

The pipeline will go southeast for approximately 3619.76' to a Duke meter at the Pecos River Deep Unit #8 in the NE/SE of Section 13, T20S-R26E.

The surface owner of the southeast quarter will be paid compensation for this right-of-way.

See attached plat.

An archaeological report will be furnished to your office when it becomes available.

Thank you.

14. I hereby certify that the foregoing is true and correct
