(Note: Report results of multiple completion on Well completion or Recompletion Report and Log Form)

13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)\*

Yates Petroleum Corporation respectfully request administrative approval to Surface/Pool Commingle the following wells.

Hill View AHE Federal #1  
Section 12-T20S-R24E  
Formation: Wildcat Wolfcamp/Wildcat Glorieta Yeso  
Eddy County, New Mexico  
Federal Lease # NM-86241Hill View AHE Federal #9  
Section 12-T20S-R24E  
Formation: Dagger Draw/Upper Penn  
Eddy County, New Mexico  
Federal Lease # NM-86241

The battery is located at the Hill View AHE Federal #1. Please see attached plat and site facility diagram.

Oil will be transported off lease prior to measurement and will be measured by turban metering equipment. Gas will also be measured separately. Total sales volumes will be allocated back to individual wells based on daily well test.

The proposed commingling of production is in the interest of conservation and will not result in reduced royalty or improper measurement of production.

The purpose of the Surface/Pool Commingling, is to reduce operating costs for storage and treating, thereby extending the economic life of each well. Without approval for utilizing existing batteries on adjacent leases, it will become necessary to build separate facilities for each well. This will greatly increase costs and shorten the economic life of the well.

The proposed commingling is necessary for economic operation of the above referenced leases.

We understand that the request approval will not constitute the granting of any right-of-way or construction rights not granted by the lease instrument. And, we will submit within 30 days an application for right-of-way approval to the BLM's Realty Section in your office if we have not already done so.

14. I hereby certify that the foregoing is true and correct

Signed

*Mate Bey*
