If a Watercourse was Impacted, Describe Fully.*

Describe Cause of Problem and Remedial Action Taken.*

This release was caused by a broken sight glass. The sight glass has been replaced and a protective cover placed on the sight glass.

Describe Area Affected and Cleanup Action Taken.*

This release occurred within the lined facility and a light mist went onto the location. A vacuum truck was dispatched to recover standing fluid and the facility and equipment were pressure washed. The small area of the location impacted by the mist was scraped up and hauled off to an appropriate disposal facility.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
