| Describe Cause of Problem and Remedial Action Taken *<br>On 8/7/2011 it was found that an unknown person had pulled to the west edge of the location and illegally dumped approximately 130 bbls of produce water onto the pasture area, covering a area approximately 50' x 50'. All fluids had soaked into the soils and were unable to be recovered. Remediation efforts continue Will remediate to NMOCD guidelines. |   |  |
| Describe Area Affected and Cleanup Action Taken *<br><br>Remediate to NMOCD Guidelines   |   |  |

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
