Operator,

A remediation work plan titled "Additional Site Investigation & Amended Work Plan", prepared by your agent, SESI, and dated March 31, 2005, has been received by the NMOCD District 2 office.

The work plan is approved with the following stipulations:

1. The materials that exhibited elevated TPH levels at GS 15, GS 17, and GS 18 be removed along with any other materials that may be above the RRAL for TPH.
2. Project be completed by May 23, 2005
3. NMOCD District 2 office be notified 24 hours prior to commencement of activities.
4. NMOCD District 2 office be notified 24 hours prior to any samples obtained where analysis of such samples will be submitted to the OCD.
5. A Final Report C-141 be submitted along with an outline of remediation work performed and final analyticals if applicable.

Thank you for your cooperation with the NMOCD.
