Operator Questionable
December 17, 2011
Conditions of Denial**

- 1. Operator of record with the BLM is Chi Operating Inc.**
- 2. Boyd and McWilliams Energy Group Inc. requested a change of operator in 2010, which was denied December 6, 2010, since the well is not in good standing. No production since May 2006, no reports to ONRR (MMS) since May 2008.**
- 3. BOPCO has done a change of operator with the State of New Mexico from Boyd and McWilliams Energy Group Inc. Operator shall always seek BLM approval of change of operator on Federal wells prior to requesting approval from the State of New Mexico.**
- 4. BOPCO has not filed a change of operator with the BLM, which will also be denied unless BOPCO agrees to plug the well. This well has been idle since 2006 and a TA will not be granted under any circumstance.**
- 5. Where is the due diligence on researching the well history? The denial is on the NMOCD website.**
