13 Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

CBS respectfully request rescission of the previously submitted proposal to plug and abandon this well dated 7-7-2010.

This well has been approved by the NMOCD to be converted to a water injection well as per NMOCD order PMX-224 expiring 6-30-2012.

CBS proposes to restore the surface pad of this well to a condition sufficient to allow for a well service rig to move in and rig up on the well. CBS will then enter the well and determine if the wellbore is capable of meeting the mechanical integrity required to be converted to a water injection well. If so, the well will be converted to a water injection well as per the NMOCD order requirements. If the well is incapable of meeting the requirements to be converted to an injection well, and cannot be justified as a commercially usable wellbore, then CBS will submit a

Conditions of Approval**

- 1. The approval of the plug and abandonment procedure will be rescinded as of December 27, 2011. However, due to non-compliance with that sundry, the operator shall have rigged up on the well to determine if it can be converted by March 31, 2012.**
- 2. Operator has not requested BLM approval to convert this well to an injection well. This is a Federal wellbore and therefore, requires like approval to convert to an injection well.**
- 3. If well cannot be converted to injection, the plugging procedure shall be submitted and plugging scheduled to have the well plugged by June 30, 2012.**
