By Whom?	Date and Hour	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	

**RECEIVED**

AUG 20 2012

NMOCD ARTESIA

If a Watercourse was Impacted, Describe Fully.*
Describe Cause of Problem and Remedial Action Taken.* The 3" poly line split, the bad section of pipe was replaced.

Describe Area Affected and Cleanup Action Taken.* Approximately 1800 sq.ft. of pasture was lightly misted at the release point, the fluid traveled down a caliche road, then exited the road into the pasture. Approximately 600 sq.ft. of road and approximately 960 sq.ft. of pasture was affected by the run-off areas. The area was reviewed prior to the release date; it was noted on 4/18/12 that there had been several reports of trucks dumping produced water on the road from the tank battery to Rawhide road. The affected area in the pasture will be remediated in accordance to the NMOCD guidelines.
---

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
