DCAFFALL	Sources at Yates Petroleum Corporation have relayed information to me that they believe there will not be enough H2S found from the surface through the Bone Spring formation to meet the OCDs minimum requirements for the submission of a contingency plan per Rule 118.	7/15/2005
DCAFFALL	Any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines with approved general permit on file. Sources available have been accessed: Depth to Groundwater - 400. Distance from nearest fresh water well - .3 mile. Distance from nearest surface water - 1.3 mile. Information obtained determines the Site Ranking at 0 points. 12 mil liner requirement will/has been met.	7/15/2005
